

In House Design

We are the leading UK provider of thermoplastic playground markings.

From the initial consultation and survey, we'll create a personalised plan of your playground complete with itemised pricing for your consideration. We aim to make designing your playground markings as simple and transparent as possible with our expert team on hand to help you with any questions you may have.

We design all of our unique graphics 'in-house' and our design team are on hand to bring your playground vision to life. Our team are specialists in creating thermoplastic graphics and ensuring they fit not only your space, but also your budget.

Our Manufacturing Facility

Our manufacturing facility, complete with water jet cutting machine, gives us complete control over every design we produce.

Our precision cutting technologies allow us to design and cut the most intricate

thermoplastic graphics available.

We pride ourselves on using our own experienced and professional installation teams who will work with you to find a convenient, safe and none intrusive time to complete

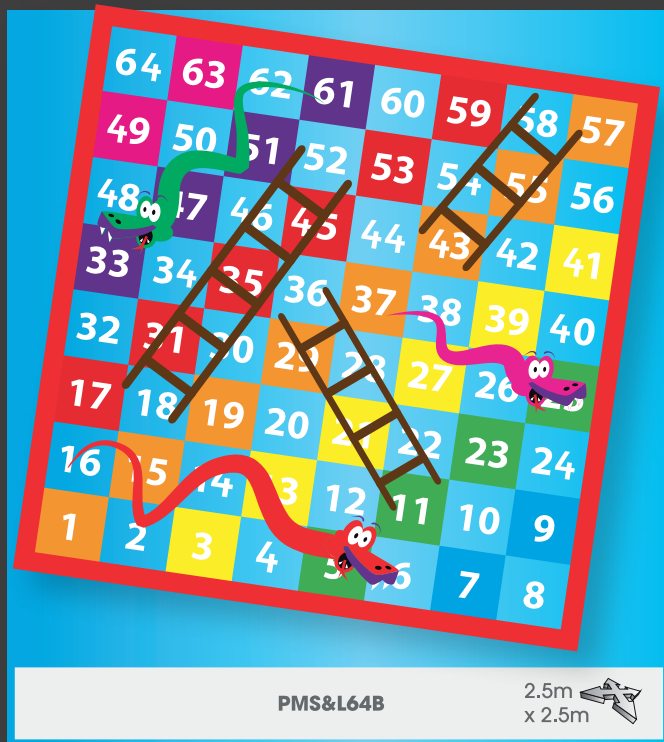

your playground. All of our install teams are DBS checked.

Our philosophy is simple. We create and install unique thermoplastic graphics coupled with first class customer service.

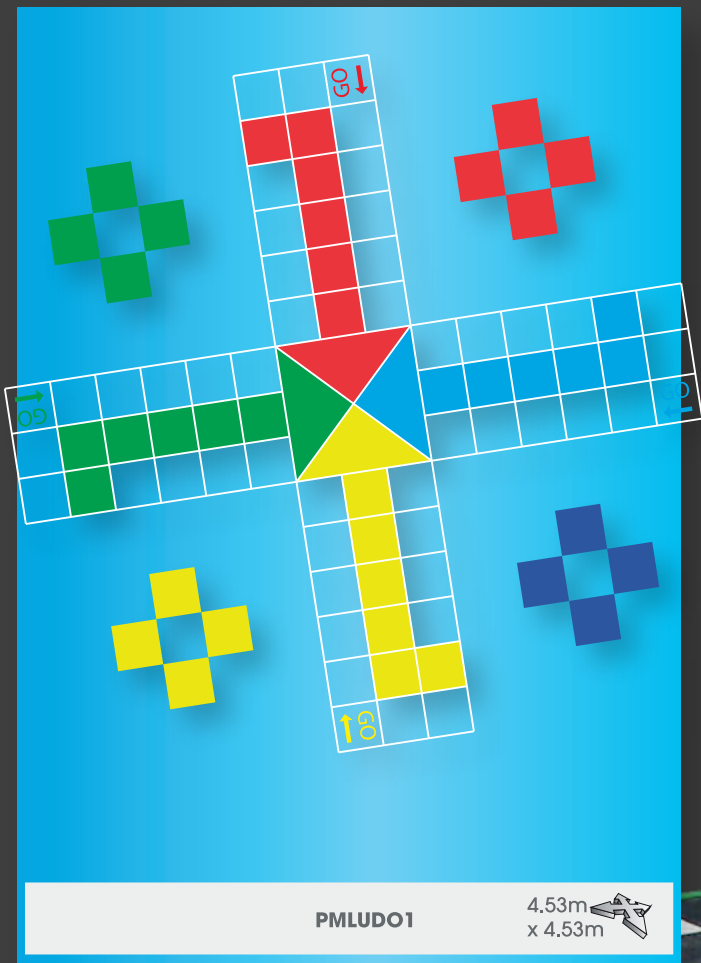

Board Games

Board Games can develop strategic and mathematical skills from a young age. Children can learn to work in teams or play alone whilst enhancing their memory and mastering the rules and boundaries of the games.

The Daily Mile is an initiative being adopted by schools throughout the UK to improve physical, emotional and social health and well-being of their children. It is a fantastic way to allow children of all circumstances, age or ability the opportunity to be involved in a fun daily exercise.

Ofsted 2017

"The primary physical education and sport funding is used well. Involvement in these activities has a very positive impact on their general health and well-being."

(taken from a report where we have installed a Daily Mile at a school using some of their Sport Funding)

Crawshawbooth Primary School

"We had our Infant Playground markings supplied by you over the half term holidays. The children and teachers think they are fantastic – your company did an excellent job.

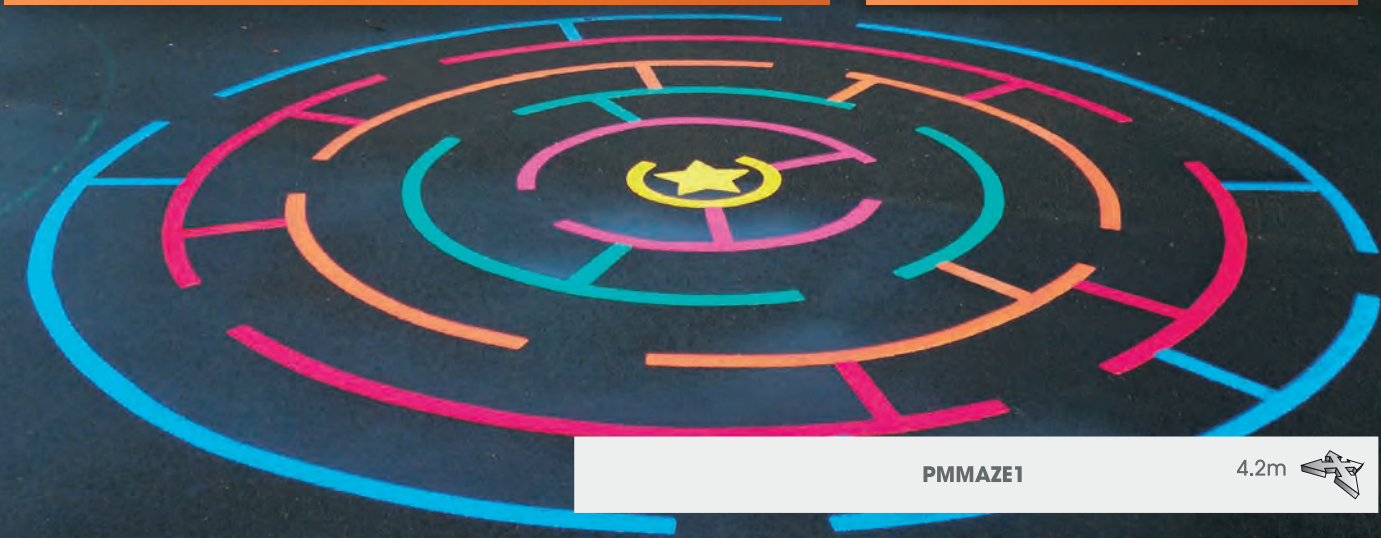

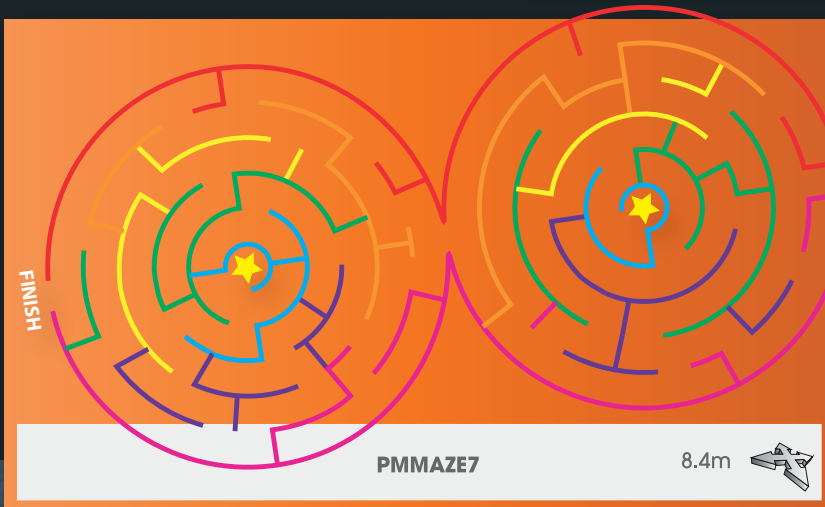

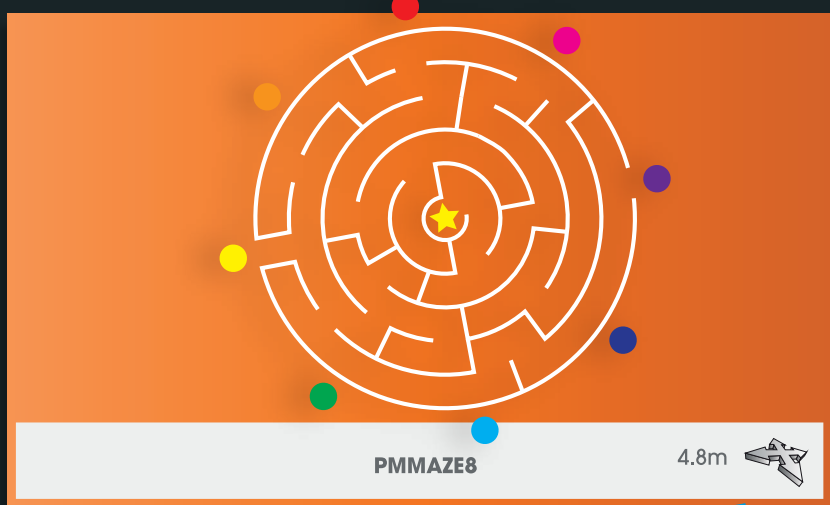

Once we approached them for a quote, they arranged an appointment to come and view the site. Two employees arrived at school, followed our health and safety procedures and measured up the playground, and noting down all the markings we required. Within a week, we had an itemised quote plus a visual to look at which was very helpful. We made a couple of tweaks to the visual once we had seen how the markings were going to fit.

They arranged to come and install the markings when we asked them to without hesitation. We would definitely recommend them to any other school."

Our mazes offer fantastic replay value.
Children can create their own
competitive games and expand their
problem solving skills.

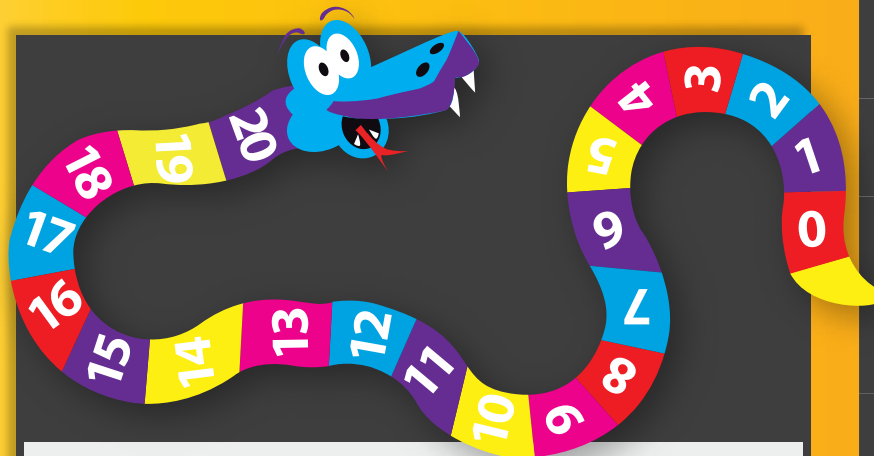

Number Games & Grids

Our number and grid games extend Mathematics beyond the classroom. Mathematics is a creative and highly interconnected discipline, that is essential to everyday life and our innovative markings create a sense of enjoyment and curiosity about the subject.

"From our initial visit right through to the installation, I found the service, staff and communication smooth and efficient. The children are delighted with the new markings.

I would have no hesitation in recommending you to other schools."

North Kidlington Primary School

"The installation team were totally professional and did an amazing job. They worked around our day and did the most they could to accomodate any adjustments. A great job was done! Would recommend to other schools."

Targets encourage children to interact with each other and develop their coordination and mathematical skills. Target lines can be used to increase the difficulty as children develop and can also be utilised in sports practice.

Finmere Primary School

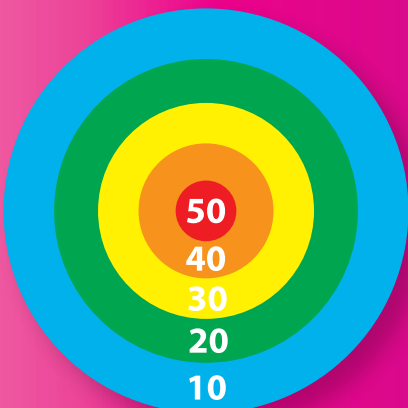

"I am so pleased with the standard of the work. The new playground markings will encourage extra exercise and fitness for our whole school community, and they look fantastic too. Thank you so much, Finmere children will love our new markings."

St Thomas More Catholic Primary School

"Excellent work! We are very pleased with the end product. Great work ethic - very pleasant workers. We would recommend you to anyone!"

Wall Panels and Signage

To complement our extensive range of superior playground markings we have designed a collection of exterior playground wall panels to add more colour and fun to the exterior of your school.

Our sign and display products celebrate your schools brand and are ideal for both indoor and outdoor use. Utilise our 'in-house' design team to create signs that are sharp and vibrant and can be printed on a wide selection of media.

Our wall panels and signage can be distributed and installed nationally, or supplied with fixings for self-installation.
