# In House Design

We are the leading UK provider of thermoplastic playground markings.

From the initial consultation and survey, we'll create a personalised plan of your playground complete with itemised pricing for your consideration. We aim to make designing your playground markings as simple and transparent as possible with our expert team on hand to help you with any questions you may have.

We design all of our unique graphics 'in-house' and our design team will to bring your playground vision to life. Our team are specialists in creating thermoplastic graphics and ensuring they fit not only your space, but also your budget.

# Our Manufacturing Facility

Our manufacturing facility, complete with water jet cutting machine, gives us complete control over every design we produce.

Our precision cutting technologies allow us to design and cut the most intricate thermoplastic graphics available.

We pride ourselves on using our own experienced and professional installation teams who will work with you to find a convenient, safe and none intrusive time to complete your playground. All of our install teams are DBS checked.

Our philosophy is simple. We create and install unique thermoplastic graphics coupled with first class customer service.

# Board Games

Board Games can develop strategic and mathematical skills from a young age. Children can learn to work in teams or play alone whilst enhancing their memory and mastering the rules and boundaries of the games.

# Mile a Day

The 'Mile a Day' is an initiative being adopted by schools throughout the UK to improve physical, emotional and social health and well-being of their children. It is a fantastic way to allow children of all circumstances, age or ability the opportunity to be involved in a fun daily exercise.

Mile a Day
can be fit
to any shape
and size of
playground.

Initiatives like this can
improve the physical,
social, and mental
wellbeing of our children,
regardless of age, ability
or circumstance.

# Removals

We are pleased to offer a comprehensive playground marking removals and playground cleaning service. We use a number of methods to clean the tarmac surface of your playground and remove existing thermoplastic or painted playground markings.

Removing your existing markings is the best way to ensure your new thermoplastic graphics look at their best.

The results of the removals process often depend on the quality of your ground.

We are pleased to be able to offer both UHP Water and Sand Jet removal of existing playground markings.

In order to determine the best course of action to remove your existing graphics, we are able to offer a free of charge, no obligation site survey.

This allows us to take a look at the area, discuss your requirements and propose the most cost effective solution for your situation.

All playground marking removals prices are available on request.
